

Jets™ 59M is a wall model vacuum toilet in a modern design. The toilet is equipped with the Jets™ FD-Valve- VPC-V controller, vacuum operated, featuring low water consumption, reliable flushing and discharge.

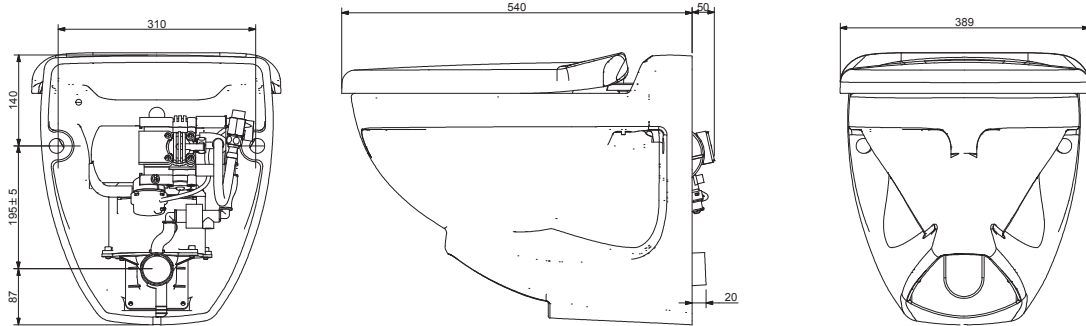

Technical Data:

Outside Dimensions:	388x542x415 (WxLxH)
Bowl Material:	Vitreous china
Bowl Weight net:	18 kg
Total Weight:	21 kg
Water Connection:	BSP 1/2" male ball valve
Discharge Outlet:	Outside diameter Ø 50mm
Part No.:	066005001

Deviation for main dimensions china products: +/-2%

Note: Changes without prior notice

Dimensions

Operating Data

Flushing Time:Adjustable (5 seconds)
 Discharge Time:Adjustable (2 seconds)
 Water Pressure:2-7 bar (200-700 kPa)
 Operating Vacuum:30-55%
 Water Consumption: Adjustable (1,2 litres)
 Air Consumption: Adjustable (Appr. 60 litres at 50% vacuum)
